The company will provide periodic activities, and you must complete each assigned task in order to receive income.

2X for 
Non-Working Income

If you do not complete the activities, you will not earn any income. The 2X payout continues until your investment amount doubles. Once you achieve the 2X target, you will need to top up your account to continue earning and performing activities.

3X for Working Income

In this model, you have the opportunity to earn up to 3 times your investment by completing additional tasks, such as making referrals and bringing in new members. The company may assign further activities, that need to be completed to maximize your earnings.

Once you reach the 3X income limit, your ID will Flush out," Means your earnings will stop. To restart income, you'll need to top up your ID, after which your earnings will resume. This allows you to continue generating income beyond the initial 3X limit by reinvesting.
